(C-CUE)

The 1989 Spring Conference of the Pittsburgh Regional Library Center will be held at the Sheraton at Station Square in Pittsburgh on May 16-17. The Post Conference will be held at Carnegie Mellon University on May 18. Pre-registration information and the preliminary program are attached.

This conference is an opportunity for librarians and staff to update skills and knowledge on a variety of topics. Programs and activities on Wednesday include sessions on preservation, OCLC, video teleconferencing, the role of the library consultant, fund raising and paper. The annual Vendor Fair is scheduled as well as a luncheon and a wine and cheese reception. Thursday's schedule includes sessions on resource sharing, OCLC ILL Subsystem, library jargon, serials cataloging, improved access to book collections, the role of the consultant, ILL record keeping, LDR updating and state legal government documents. The post conference on Friday at Carnegie Mellon University focuses on Hypermedia and includes lunch. These programs should be of interest to librarians, library trustees and institutional administrators who are concerned about library planning for the future.

The Sheraton at Station Square has set aside a block of rooms for conference attendees. Since we will be receiving a special rate from the Sheraton, it can be guaranteed only until May 1, 1990.

Conference registrations should be received by May 4, 1990. After that date a $10 late fee will be assessed. There will be no refunds after May 4; however, registration may be transferred to another person. All pre-registrations will be acknowledged by PRLC.
